

## JOB DESCRIPTION

<b>POSITION TITLE:</b>	<b>Accountant</b>
<b>REPORTING TO:</b>	<b>Senior Accountant: C5</b>
<b>DIVISION:</b>	<b>Finance &amp; Logistics</b>
<b>SUBORDINATE:</b>	<b>Assistant Accountant</b>
<b>DATE:</b>	<b>01 December 2020</b>
<b>GRADE:</b>	<b>C4</b>

### **Purpose of the Position**

#### **This Position:**

To perform a variety of accounting duties in accordance with generally accepted accounting practices and IFRS as well as supervision of Assistant Accountants. Overly, this position should assist the Agency to make critical financial decisions by collecting tracking, analyzing and correcting the Agency's financials. The Accountant will guide and oversee all accounting cycles within the Agency related to customers, suppliers, banks, petty cash, inventory, investments and liabilities. Thus, the Accountant will inter alia, perform a variety of simple and complex accounting duties related to working capital management, accounting best practice implementation, staff management, sound financial control as well as supervision of junior accounting staff within the section at their respective Hub/Silo/Head Office level. The overall aim of this position is to ensure the accuracy, completeness, validity and timely preparation and reporting of financial transactions, related documentation in addition to maintaining full compliance with relevant laws, policy and regulations of the Agency and business environment.

100% Office Work with ability to travel when operations required.

**DEGREE OF SUPERVISION AND WORK CLASSIFICATION:**

The fundamental reason that this position exists is to perform professional accounting work. The essential functions of this position include obtaining financial data and information, reviewing financial documents and related information, evaluating financial data and information, preparing financial documentation, providing consultation and expert advice to management, employees or other groups, serving as a lead worker, and various administrative tasks. The employee performs professional assignments requiring developed judgement and discretion in the application of professional accounting theory. Employee performs a variety of accounting assignments and/or assume on-going responsibility for an element of a larger accounting program, or a program of limited scope. The Accountant level is distinguished from the Assistant Accountant, in that the latter would typically receive more supervision, perform routine processing tasks and perform less judgmental assignments. Employees at the Accountant level supervise subordinate clerical staff, such as the Assistant Accountant.
